

Call for proposal: Consultant(s) for producing 3-short documentaries

NGO-CEDAW

The Cambodian NGO Committee on CEDAW (NGO-CEDAW) is a not-for-profit organization that is dedicated to the advancement of women's human rights.

NGO-CEDAW is sponsoring the creation of three short documentaries as a means of raising public awareness of the issues surrounding gender-based violence in Cambodia. The goal of this work is to engage Cambodians with different points of view about domestic violence to challenge their beliefs about gender roles and accept the use of the law to protect women and children from domestic violence. NGO-CEDAW is also using these documentaries as part of its ongoing advocacy efforts to amend the laws on domestic violence to provide better protection against gender-based violence. The short documentaries will be shared via social media and screened for target audiences.

Scope of work:

NGO-CEDAW will hire one or more consultants to perform this work. If accepted to participate, the consultant(s) will specifically perform the following items of work:

1. Conceive ideas for communicating to the public about the problem of gender-based violence;
2. Write script(s), film, and edit up to three documentary short films;
3. Take photos and video of the process of creating the film(s), which will be shared internally and with the public via social media and/or printed materials for publicity purposes.

Timeframe

The work should be completed by November 1, 2018 so that the films can be utilized during the 16-Day Campaign against gender-based violence in late November 2018.

Application rules:
